

Spring Term After School Clubs 2024

Lets get started !

All of our clubs will begin w/c Monday 15th Jan'

Please read our brochure and follow the links to book a place online.

Bookings can be made from 6pm Monday 8th September at.....

crescent.hivelink.co.uk

We will do our very best to accommodate 1st choices but due to demand we may need to give another choice or add their name to a waiting list. It is important that if your child is not attending a club you inform the School Office or they will be sent to the club as normal

It is important to indicate on the booking form if you give permission for your child to walk home alone

Please note if your child fails to attend their club their place will be awarded to someone on the waiting list.

CHILDREN'S UNIVERSITY

The Children's University is an international critically acclaimed charity which encourages children aged 5 to 14 to try out new experiences, develop new interests and learn new skills by participating in learning activities outside of the school day.

The learning activities are designed to:

- Raise aspirations, self-esteem & confidence
- Encourage curiosity and a love of learning
- Enhance motivation and build resilience
- Introduce new life experiences
- Offer progression in learning and personal skills development

HOW WILL IT WORK?

Our children are issued with a "passport to learning", this acts as a record of they time they spend in after school clubs. This time will earn credits which will lead to a Children's University Certificate being awarded.

At the Crescent, children will have the opportunity to gain credits in a variety of ways, such as attending our after school clubs, being a class council member, going on educational events, representing their school by playing sport and by performing in dance and music presentations.

Please let Mrs Vance (Enrichments Lead) know if your child attends any other clubs outside school so that these to can be included in your child's credits. As credits increase your child will receive certificates and then progress onto diplomas and degrees!

SPORTS AND FITNESS CLUBS

In these clubs, we want the children to:

- Develop their knowledge and build a range of basic skills through playing games and improving their fitness levels through workouts.
- Build their confidence and collaborative skills by working together as part of a team.
- Develop social skills to interact and work together as they play together as a team.
- To enable children to experience roles and responsibilities.
- To support self-esteem and help children to recognise their self worth.
- Recognise the importance of daily exercise and healthy lifestyles.
- Provide opportunities to promote and represent our school in the wider setting.

CURRICULUM CLUBS

In these clubs, we want the children to:

- Develop a wide range of skills through fun, intellectual and challenging activities.
- To build self-confidence and teamwork skills by tackling and completing tasks together.
- Introduce skills to support and further develop interests.
- To support self-esteem and help children to recognise their self worth.
- To develop more able and talented children. To enhance the pupils mathematical learning in a fun, engaging way.
- To develop life skills such as how to use a computer and learn a new language.
- To foster a love of the arts, through music, books, stories and film.

CREATIVE ARTS CLUBS

In these clubs, we want the children to:

- Explore, investigate and experiment with a wide range of techniques and mixed media.
- To design and create individual and group pieces.
- To present their ideas/projects to others and display their work in school and the wider area.
- Develop their vocabulary to enable them to reflect, evaluate their work and those of others.
- To extend their imagination through the exploration of music, singing, drama, dance and craft.
- Promote the development of technical knowledge and skills.
- Understand the importance of persevering and working through challenges.

WELLBEING CLUBS

In these clubs, we want the children to:

- Understand the importance of a healthy lifestyle through developing a greater knowledge of food and exercise choices.
- Supporting recognising different emotions and equipping them with strategies to manage them.
- To discover and experience different activities by themselves and with others to provide a sense of calm.
- To release their potential and discover skills they can move forward with.
- Recognise signs of stress in themselves and others and learn about strategies and avenues of support available to them.
- Develop their confidence and ability to express their "emotion vocabulary" to others.
