Head Teacher's Welcome

It was lovely to see the children return last week after their half term break. I hope that you all found some quality time to spend together. You'll notce the photo above is different to normal! I made the most of the first glimpse of sunshine and headed out to Talacre to enjoy miles of unspoilt coastline with Ozzy before returning to work. I hope that seeing the bright blue skies brings you the same happiness it did for me at the end of the holidays and we can hope for many brighter days to come as sping arrives.

It's a Crescent Calendar favourite this Thursday as we celebrate World Book Day. We have a very special menu (Page 2 of Newsletter) and we can't wait to see children's characters of choice this year!

Other highlights on the horizon this half term include our Sping Discos (26th March) and our Easter Bonnet Parades (27th March) - I'm sure you've already been planning your designs this year since seeing the Easter Eggs appear on the shelves of the supermarkets!

A big thank you to all who attended our Parents' Evening before the holidays. It was a real pleasure to see so many of you in school with the many, many smiles - we are just as proud as you about what your children have achieved!

The coming months are as busy as ever as we do all we can to make sure school is full of adventures for your children. As always, we are here if you need us.

Adam Clewes

Coming up this Month & Next...

March 2026

2nd Y2KB Parents lunch
3rd Y2HV Parents lunch

24th Sportasthon

27th Year 2 Parents invited for Storytime

30th Season 3 Reveal

Social Media – Changes in School

You will have noticed over the holidays that our Facebook Page has now been archived. You can still join our online community, through a secure group. The link for this is...

https://www.facebook.com/groups/935863605605002/

Here we will post details of upcoming school events along with opportunities to celebrate your child's achievements - just without their faces. You will have had a letter to join your child's Class Showbie to see their achievements with faces - if you've had any problems getting started with this, please let us know so you don't miss out.

Adminstering Medication

We can only administer prescribed medication in school when:

We have written consent from a parent or carer.

Staff will always keep a written record of any medicine given and will follow the instructions you provide on the medical request and administration form.

Please note:
Children under will not be given any medicine containing aspirin unless prescribed by a doctor.
Staff will always check correct dosages before administering medication.

We can only accept prescribed medicines that are:

- In date
- Clearly labelled
- In their original container from the pharmacist, including dosage, storage instructions and the child's name and DOB.

All medicines are stored safely and are administered by our designated trained staff. They will follow the instructions on the consent form and record every dose given.

Medicines such as inhalers, blood glucose meters and adrenaline pens are always kept easily accessible in classroom "grab bags," and staff know exactly where these are at all times. When medication is no longer needed, we will return it to parents for safe disposal.

If you would like to come to school to administer medication yourself; you are very welcome to do so.

Non-Prescribed Medicines
These will not be given without a letter stating it is required from a Doctor.

During residential or overnight educational visits, pain/flu relief can be given if parents have given consent and listed the medication on the visit consent form. Children under 16 must not be given aspirin or ibuprofen unless prescribed by a doctor.

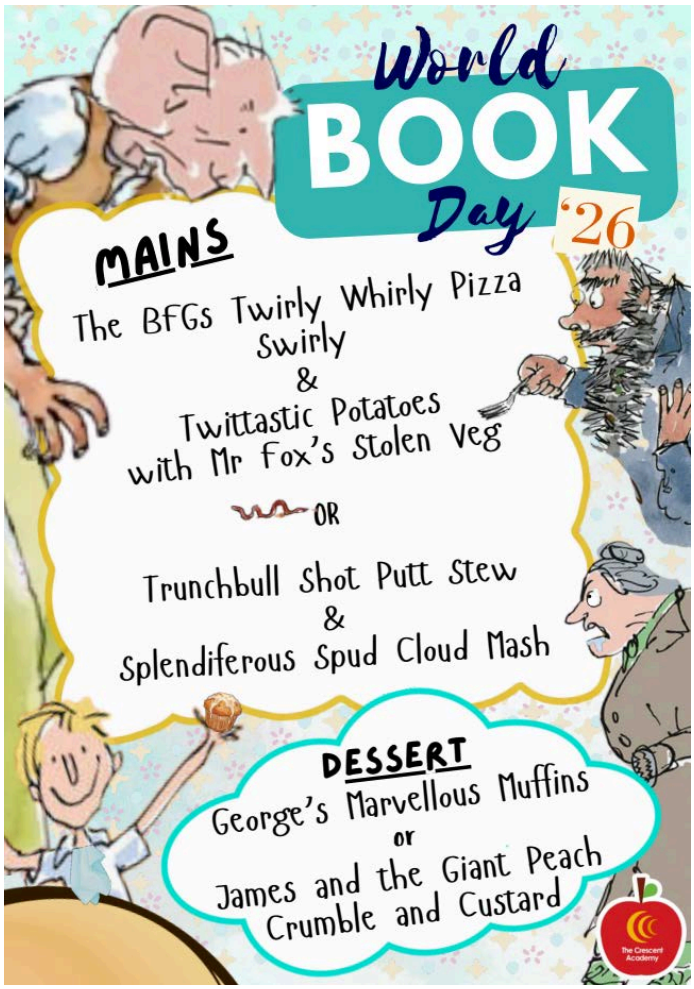

If you decide that your child needs non prescribed medication whilst in school and you do not have written confirmation from your GP you may come into school and administer this medication yourself.

shout out

Mrs Hill-Bloor - Teacher

Mrs Hill-Bloor is passionate about what she does and the people around her. She's always there when needed, she listens, laughs easily, and who tries to make every room feel a bit warmer. She shows such kindness, effort, and a good sense of humour! Thank you for sharing all you special qualities with us!

COMIC RELIEF RED NOSE DAY

FRIDAY 20 MARCH

Friday March 20th is Red Nose Day and this year we are asking chidren to donate £1 to 'Wear it Red'. For every item of red clothing they wear on the day, this will earn them a teampoint... one sock = one point! Raise money for a great cause and raise points for your team - will our very own Red Team Allsopp be victorious on the day?
