Once Upon A Time…….

We will be exploring the topic of traditional tales with a focus on the story of The Three Little Pigs.

In English, the children will be introduced to story language used in traditional tales such as "Once upon a time!". The children will be encouraged to retell the story using actions and repeated phrases such as " I'll huff and I'll puff".

In Maths, children will be developing their counting skills and will be beginning to carry out simple adding and taking away problems using objects. They will record their answers using the correct number formation. They will use scales to compare the weights of objects and use the vocabulary of " heavier" or "lighter".

Through our topic work the children will use a variety of materials to build their own model houses which they will then test the strength of. We will look at the variety of houses within our local area.

Our role play area is now "Trotter Brother's Building Yard". Where children will act out the class story or use materials to build models.

Our children are really excited about their weekly visits to the Crescent Library boat. It is essential that the books they have chosen are shared both at home and at school. Children need to bring in their book bag containing their book and diary every day.

Staff will share the book with your child every week. It is a school expectation that books are shared at home at least 3 times during a week. We ask that you write a short comment in your child's diary so we know books have been shared.

Children will receive awards according to the number of times they have read.

Thank you for your continued support.
