Reception Newsletter Summer 1 2021

Welcome to another busy term. This term will be exploring the wonderful world of minibeasts and talking about the season of Summer.

The hot weather will soon be with us. It is important that hats are brought in everyday and suncream is applied before school.

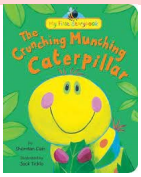

Please remember it is the school's expectation to listen to your child read **at least three times a week.** Please write a comment in your child's diary to let us know how they are doing.

Please remember to bring your bag, diary and reading book every day.

Lets find out about bugs!

Our class story is the Crunching, Munching Caterpillar

By Sheridan Cain.

Through our class story we will be learning about the lifecycle of a butterfly. We will discuss the character's feelings and retell the story accompanied by actions. We will be exploring the story vocabulary through linked activities, such as hatching our own butterflies!

In Maths we will be continuing to explore the composition of numbers to 10/20. We will use apparatus to support recalling number bonds to 10. and comparing numbers. We will continue to explore ways to record our addition and subtraction sums. We will embed our subitising skills to recognise totals by the patterns they make.

In Science and DT sessions we will be designing and making our own bug hotels from recycled materials. We will recording the progress of our "live caterpillars" into butterflies and then releasing them. We will discussing ways to improve our school garden to become "bug friendly".

Important messages

Parents can continue to communicate with staff through our email.

Reception@thecrescentacademy.org.uk

Have you signed up for Marvellous Me? This is a fantastic resource to find out what our classes have been doing. Ask staff for more details.

The Year Group Leader in Reception is Mrs Vance
