We will be reading the adventure story "Traction Man" by Mini Grey. With an action outfit for every occasion we will follow his adventures of battling kitchen appliances, rescuing toys and searching for missing objects in the deep murky sink! The children will then invent their own action figures and write about their exciting adventures.

Maths, we continue to embed the children's knowledge of arithmetic and reasoning. We will be practising telling the time and using apparatus to calculate capacity, length and weight through fun, practical activities.

The importance of staying healthy!

In our Science and Design Technology activities we will be learning about the importance of having a healthy diet and lifestyle. We will be exploring ways to prepare fruits and vegetables to eat. We will be using our skills to prepare healthy salads to serve children at lunchtimes.

Reading continues to be an essential part of the learning journey at The Crescent Academy. Your child will be read with every day in school. It is therefore essential that your child has their **reading book and planner in school every day.**

To further enhance your child's reading we ask that they read at home **at least 3 times a week.** We will be having a competition within year 2 as well as the rest of the school to see which class reads the most!

Thank you for your continued support.
