Summer 2 2024

Summer 2 2024

Welcome to Summer 2! We hope you have recharged those batteries and had a lovely half term break!

As ever, if you have any questions then please speak to Mr Engleman (Phase Leader) or a member of the Year 4 team.

Kind regards: Mr Engleman, Mrs Steele & Miss Boote

Your child will receive a piece of homework every week. This will be in their homework folder. Alongside this, it is important that your child practises their weekly spellings, times tables and reads **at least 3 times** a week at home but we encourage them to **STRIVE FOR FIVE.**

Our **P.E lessons** will take place on a **Monday and wednesday afternoon.** Your child should come to school in their full PE kit on these days. Please remember to remove your child's earrings for these lessons.

Educational Visit:

London:

4NE:10-11th June

4JB: 19th-20th June

4LS: 1st-2nd July

Milldale:

4LS: 13th June

4NE: 27th June

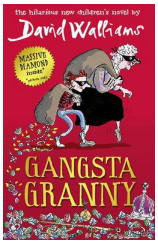

SPORTS DAY:

LKS2: Tuesday 9th July @ 9:30am

Our class text this half term will be:

'Gangsta Granny'

"We're going to steal the Crown Jewels!'

This half term, we will be continuing with our current class text, the amazing Gangsta Granny! This hilarious, bestselling text will give us lots to read and write about in our English lessons and we will be exploring some of the locations ready for our own trip to London! We will be writing a short story based on the book this half term, but our main focus is on bringing together all of our learning in writing to create our own stories. We will be creating the characters, locations and plot!

In Maths, we will mainly be embedding our learning around calculation ready for Year 5. **We also have the times tables check this half term.** We will then, towards the end of the half term, finish our learning by exploring shape, angles and co-ordinates.

In **Science,** we will be continuing with our unit **What is Electricity?** where we will move on to conductors and how to make a workable switch.

COMING UP: Friday 21st June—WCET performance. Don't forget to book your tickets online.

DT, Geography and more!

We will be spending time researching, designing and creating our own torches using our knowledge of circuits linked to our current Science topic. In Geography, we will continue to learn all about river systems and this half term we will be visiting our local river to complete a geographical study.

Reading is an essential part of the learning journey at The Crescent Academy. Your child will be read with at least three times a week in school, either individually or as part of a group . It is therefore essential that your child has their reading book and diary in school every day. The children use the learning diary, alongside the Hero Academy, to practise the key skills of reading and to record this. At the start of each week, or fortnight, we will explain the reading skill to your child.

Thank you for your continued support.

COMPETITIVE CURRICULUM:

There are 7 more weeks of competition before we find out the next winner!!

Science PSHE PE

History Computing

Geography Writing

WHO WILL WIN!!??
